Associates of Applied Science

SKILLS

Adobe Photoshop, Illustrator, InDesign, Premiere, Balsamiq, Sketch, InVision and Frontify. Other skills include low-fidelity sketches, prototypes, mockups to pixel-perfect comps. Experienced with Big Data, BI dashboard and connecting IoT devices to the Cloud.

EXPERIENCE

Amazon Web Services - Internet of Things (IoT), Seattle, WA June 2017 - Present UX Designer

Design various device onboarding UX flows for Core IoT to include machine learning, device certificates, subscriptions, code signing, integration of third party services and datastore types. Designing prioritization of one-to-many alerts, states and notifications for IoT devices at the edge. Design lead for Greengrass ML Connectors product launch to allow devices at the edge to connect with third-party applications interchangeably. Served as a visual designer for the IoT team to create proper identity for zero-state illustrations and animations. UX consulting at team workshops and provide Smart Home/Automation talks.

Microsoft - Business Intelligence, Redmond, WA June 2013 - November 2016 UX Designer II (Contractor)

Took complex business challenges and creating simple interfaces through qualitative and quantitative data. Produced analytic dashboard designs with big data. Worked with several internal departments, managed projects to meet different financial, law and business objectives. This position required whiteboarding to creating Invision prototypes to high-fidelity mock-ups suitable for Business Intelligence.

Senhoa, Huntington Beach, CA

September 2010 - February 2012 Graphic & Web Designer

Designed and developed branding including but not limited to: organization logo, stationery, marketing materials (brochures, flyers, banner ads, etc.) and website.

Highline Community College, Des Moines, WA

September 2007 - June 2009 Lead Designer

Worked within a team of designers and independently to design and produce printed promotional collateral for on campus associations and events. Able to handle multiple time-sensitive projects, diverse personalities and client needs.
